

About the Seminars:

Washington State Drinking Water Seminars will provide you with up-to-the-minute information to help you do your job – provide safe and reliable drinking water. The general session will include:

- ◆ Emerging Issues/Upcoming Regulatory Requirements
- ◆ Water System Liability
- ◆ The Municipal Water Law: The next dimension in water utility planning

Breakout sessions designed specifically for large and small water systems will also be presented.

Who Should Attend:

- Public Water System Representatives (especially lead operators and managers)
- Local Health Departments
- Certified Water Labs
- Decision Makers
- Elected Officials
- Consultants
